## AN AJSW WORLD PREMIERE

In words and music a light-hearted 21<sup>st</sup> century take on 5<sup>th</sup> century poet 'Prudentius' and his work 'Psychomachia – The Battle For The Soul'.

### '7 Deadly Sins and Virtues'

Each 'Sin and Virtue' has a narrative and a piece of music representing it. In an especially composed text, narrator Juwon Ogungbe wryly delivers short introductions to compositions by leading composers played by the AJSW's own Chamber Music Ensemble and musicians; with a surprise or two along the way! In the 1<sup>st</sup> half of each concert the AJSW CME plays a program of classical favorites.
