The objectives of the society are comprehensive and dedicated to cultural understanding between the two countries (UK/Japan) be it by information, events, cultural demonstrations, entertainments etc. Funds are raised by membership, funding applications, obtaining employment for Japan orientated entertainers/cultural presenters and by any other reasonable means that may arise from time to time.

Administrators of the society are unpaid beyond reasonable expenses for which a checking procedure exists, as are all transactions and expenditures. Funds raised are for the support of the society.
